**DESCRIPTION/OPTIONS:** Looking for a used car at an affordable price? This Ram won't be on the lot long! It just arrived on our lot this past week! Turbocharger technology provides forced air induction, enhancing performance while preserving fuel economy. This vehicle has achieved Certified Pre-Owned status, by passing a comprehensive certification process. With fewer than 45,000 miles on the odometer, this pre-owned model still has plenty of miles remaining as reliable transportation. Top features include a split folding rear seat, power windows, a bedliner, and much more. Under the hood you'll find a 6 cylinder engine with more than 300 horsepower, and for added security, dynamic Stability Control supplements the drivetrain. Four wheel drive allows you to go places you've only imagined. We pride ourselves on providing excellent customer service. Please don't hesitate to give us a call.
